Status of the claims:-

Claims 68, 122-137 are pending.

Applicants declaration submitted on 7/24/06 overcomes the 102(e) rejections.

The rejection of the claims 68, 122-137 under 35 USC 102(a) over WO 00/41698 and WO 00/42012 has been withdrawn since they both have the same inventive entity.

The provisional double patenting rejections have also been withdrawn as the other cases as the corresponding claims have been cancelled from 09/889227 and 10/071248 ( earlier filed applications) and the 10/361,858, 10/895,985 and 10/848567 are filed later and applicants and relevant portions of MPEP 804 (I)(B) now read as follows:

“ If "provisional" ODP rejections in two applications are the only rejections remaining in those applications, the examiner should then withdraw the ODP rejection in the earlier filed application thereby permitting that application to issue without the need of a terminal disclaimer. A terminal disclaimer must be required in the later-filed application before the ODP rejection can be withdrawn and the application permitted to issue. “

Thus all the rejections and issues have been resolved and the claims 68, 122-137 are found to be allowable.
